LOCAL FIREMEN DO SMART WORK

A fire drill of the entire local fire de- partment was held yesterday afternoon for the benefit of fire insurance men who are now in the city on a tour of inspection. The call was sent from Box 18, located near the Kelly-Douglas block, and the following equipment was quickly on the ground: Three steamers, two chemical engines, two trucks, five hose wagons. The combined force had nine streams on the building in quick order.

The times taken the equipments from the various halls to arrive at the location was carefully taken by the insurance men. Secre- tary Ross of the Mainland Board stated this afternoon that the detailed statement on this matter would not be ready until Monday. From unofficial sources, however, it is learn- ed that the No. 3 firehall equipment was at the spot within two minutes after the alarm was sounded and had a stream on the build- ing within half a minute afterward. The extension ladder was placed in position in twelve minutes.
