CHEAP LABOR.

We do not know what special interest the Winnipeg Free Press has in the labor conditions of this province, but time and again it has attempted to show that the whole spirit of anti-Asiatic legislation so popular there was wrong and detrimental to the interests of the country. All this, of course, is absurd.. We are making a white country of this and propose to do so regardless of what the Free Press or those who control it may say. But to show what certain eastern, (we shall not say middle west, for we do not think that would be right,) interests attempt we shall quote the following from the Free Press of last Saturday:

“That Japanese workmen are the most efficient in British Columbia today is the the(Sic) opinion expressed by D. L. MacGregor
